Catarrh Can be Cured.

Glorious news to Catarrhal sufferers! A permanent cure is now within your reach.

DR. ABEL, the great Specialist, brings good news to all sufferers with Catarrh.

Read the Doctor's letter. For ONE WEEK, BEGINNING AUGUST 26TH, 1894, he proposes to make especial rates for the treatment of Catarrh.

TO THE PUBLIC.

For one week commencing August 26th, I will make special rates to all patients suffering with any form of Catarrh. I want to cure a large number of cases of Catarrh and I positively state that

I CAN CURE CATARRH

And Stop You From Growing Deaf.

This rate is given for advertising purposes only. When I have cured several hundred patients here then the many scoffers who say "Catarrh Can't be Cured," will have to hunt something else to talk about. I have cured thousands of cases and I can do it again.

I will give \$100 for any case of Catarrh that I fail to cure! I am especially prepared to cure Chronic diseases both in experience and equipment.

To accommodate the large number of patients who will accept this offer I will be at my office every day this week except one hour at noon. Business men and others engaged during the day can take advantage of the night hours. Open until 8 p.m. All medicines furnished free. Consultation free. Fees made known upon consultation. They will surprise you. Remember this offer lasts but one week and will not be repeated. Come.

Respectfully Yours,

Drs. ABEL & JONES.

NOTICE.—Look out for the travelling mosquitos, who travel from town to town, stopping at the best hotels from one day to 30 days, imposing upon all credulous and afflicted people, telling them that they can make the blind see and the lame walk and the deaf hear in one treatment, and that they can cure catarrh in ten days. Any sane person knows that Catarrh cannot be cured in ten days and they won't be humbugged by spurious fakirs, who pretend to make the deaf hear by blowing wind and chloroform through their noses and ears and burning the back of their ears with chloroform applied on pieces of blue tissue paper; this they call their wonderful new treatment, discovered by them. No doubt some of the poor victims will remember how they have been fooled by these travelling fakirs, as the public well knows that reputable specialists always have enough of business at home and never travel from town to town, humbugging the people.

CAMPAIGN WORK.

Committee Selected at Chicago for
Republican Activity in
the State.

The executive committee of the Illinois Republican state central committee met at its headquarters in the Grand Pacific hotel, Chicago, Wednesday in executive session. All of the members were present and the session was a busy one. The first matter brought up was the election of a new treasurer. For that office there were four candidates: E. G. Keith, J. H. Gilbert, William D. Preston and George Schneider.

The contest resulted in the choice of James H. Gilbert. His election indicated the strength of Cook county leaders, in the number of whom Mr. Gilbert is included.

After electing a treasurer the meeting took up the matter of the various committees needed for the work. Some amount of talk was spent on the subject of a committee on finance, but no completed action was taken. This committee will be named later. A committee on speakers and printing was named to consist of the following: C. P. Hitch of Paris, H. L. Hertz, Chicago, and W. C. S. Rhea, Marion.

A committee on literature was made up as follows: Walter Reeves, Streator; James McKinney, Alton; H. O. Hilton, Rockford; L. S. Wilcox, Champaign, and W. F. Calhoun, Decatur.

A committee on organization was appointed. Its members are John R. Tanner, Chicago; Daniel Hogan, Mound City; E. W. Willard, Joliet; W. H. Hamilton, Macomb; and T. N. Jamieson, Chicago.

FRIEND OF LINCOLN.

Scammon Hodman Celebrated His Eighty-Fourth Birthday Near Bloomington.

A company of about 200 assembled yesterday morning at the home of Scammon Hodman in Old Town township, eight miles east of Bloomington, to celebrate the 84th birthday of that gentleman, who is one of the pioneers and most prominent men of McLean county. The gathering was in the nature of a family reunion, as a majority of those present are relatives of Mr. Hodman. The principal address was made by Col. H. G. Reeves, of Bloomington, whose boyhood was spent with the Hodmans. Among other speakers were Judge John M. Scott and Michael Swann.

Mr. Hodman was born in Bucks county, Penn., and went to McLean county from Ohio in 1853. He has lived on the farm where he now resides since 1855. He was an intimate friend of Abraham Lincoln and was one of the delegates to the first convention of the Republican party, which was held in Bloomington in 1856.

HELEN BERTRAM IS FREE.

Achille Tomasi Secures a Divorce
"Teddy" Henley the
Co-respondent.

New York, August 20.—An absolute divorce has been granted by Judge Dugro to Achille Tomasi, the musical director, from his wife, Lulu May, known on the stage as Helen Bertram. Edward J. Henley, known familiarly to theatergoers as "Teddy" Henley, was named as the co-respondent. He is now making a fortune out of his roof garden, it is said, at St. Louis, and Lulu May is the prima donna of a comic opera company in the same city.

Miss Bertram is from Indianapolis. She began an action for divorce in that city in May last, but the case was taken from the calendar. Mrs. Henley secured a divorce from her husband last December on account of his connection with Miss Bertram. A few months ago Mr. Henley became jealous of the attentions of a St. Louis theatrical manager was paying her and attempted to assault her. Mr. Henley is an Englishman.

Art Exhibit.

Having returned recently from Richmond, Ind., where I received instructions in decorating China and figure painting as taught at the Wilke Art School, and with a view of extending my labors in this work, and in order that those interested in this beautiful and fascinating line of study and art may have an opportunity to inspect my work, I will give an exhibit of same at the store of Linn & Scruggs for one week, beginning Tuesday, Sept. 4th. For the present I shall confine myself to order work, which is respectfully solicited. Ladies specially interested, and persons desiring to purchase any of my pieces on exhibition will please call at my home, 409 South Main street.

J. Ed. Long, formerly of the Hotel Auditor Gore some time ago he says that there was an insufficiency of assets amounting to \$82,572, without there being any means legally available to meet the insufficiency. The auditor held that the application of quarterly dues collected under a by-law of the association to the liquidation of the debt referred to was not warranted by the powers acquired by the association under its articles of incorporation. Mr. Moloney disagrees with this interpretation of the law. Though he held views similar to those of the auditor some time ago he says that a more careful consideration of the question led him to alter his opinion. He admits that the law is ambiguous, but believes that the association which acts honestly and with reasonable caution has ample power to form an expense fund such as the one objected to by Auditor Gore.

ALIEN ANARCHISTS.

Secretary Carlisle Replies to Representative Goldsier

DEFINING AND EXPLAINING THE BILL.

But Declining to Define the Term Alien Anarchist, as Used in the Bill, in Advance of Presentation of Cases for Adjudication.

WASHINGTON, Aug. 30.—Representative Goldsier, of Chicago, classed among the house opponents who successfully prevented action on the Hill bill to exclude and deport alien anarchists, wrote a letter to Secretary Carlisle the other day stating that he had been informed that the bill was prepared by the secretary, and asking a definition of the term alien anarchist as "contained therein."

An answer was sent to Mr. Goldsier yesterday in which the secretary said:

"Your information that the bill, as it now stands, was prepared by me, or at this department, is incorrect, as it contains several provisions which were not in the original draft which accompanied my letter on the subject addressed to Hon. David B. Hill, chairman of the committee on immigration. The first section, however, was prepared by me, and has not been changed except by adding the words 'other than such anarchists.' As changed in the senate it now reads: 'He itenacted, etc.: That no alien anarchist shall hereafter be permitted to land at any port of the United States, or be admitted into the United States, but this prohibition shall not be so construed as to apply to political refugees or political offenders, other than such anarchists.'

"Under this section, as amended, if it should become a law, alien anarchists would be prohibited from coming into the United States, although they might be political refugees or political offenders, but under the second section an alien anarchist who has been permitted to land, or who has come into the United States cannot be arrested and deported, unless it is proved, in addition to the fact that he is an alien anarchist, 'that his presence in this country will be a menace to the government or to the peace and well-being of society in general.'

"Under the fourth section, which relates to proceedings in the courts, after the trial and conviction of an alien for any crime or misdemeanor involving moral turpitude, the party may be deported if the judge is satisfied from the evidence that he is an anarchist, 'or that his remaining in this country will be a menace to the government or to the peace and well-being of society in general.'

"In the original bill prepared at this department, the judge was not permitted to order the deportation of the party unless he is satisfied that such alien is an anarchist, or that he is not attached to the principles of the constitution and well disposed to the peace and good order of the same, and that his remaining in this country will be a menace to the government or to the peace and well-being of society in general."

"You ask me just what class under my direction would be excluded under the terms of the bill."

"The bill, it seems to me, quite clearly specifies the classes to which its provisions apply, and if it should become a law, the principal difficulty which the executive and judiciary officers would encounter would be in determining whether a particular case does or does not come within any of these classes."

"Relying to your question in the terms in which it is stated, I would say that if the bill becomes a law all the classes specified will be liable to exclusion or deportation, but I do not consider it proper, by definitions or otherwise, to embarrass the administration of the law or prejudice the rights of individuals in advance of the presentation of the actual cases for adjudication."

THE DESERTED CAPITOL

Takes Possession of by Knights of Pythias and Their Friends.

WASHINGTON, Aug. 29.—The legislators have deserted the capitol, and their accustomed seats were to-day occupied by Knights of Pythias and their friends, who, weary of their eight meetings, sank into the easy chairs of members for a rest. Speaker Crisp's seat is the resting place of many visitors, all being anxious to sit for a time in the chair of the distinguished Georgia who presided over two congresses.

The floor of the senate chamber was closed to visitors, and those who visited it had to view it from the gallery. The floor presented a busy scene, pages and messengers were busy collecting the effects of senators and boxing them up, to be sent to the homes of the absent statesmen.

For Refusing to Maintain His Wife.

LUXON, Aug. 29.—Edward Solomon, the composer, formerly the husband of Lillian Russell, was arraigned in the Bow-street police court yesterday, charged with refusing to maintain his wife, who is acting under the name of Kate Everly, and to whom he was married in 1889. The hearing was adjourned, pending proceedings with a view of effecting a legal separation of the contestants.

Joined the Grand Army.

OEWZOO, N. Y., Aug. 30.—Jerry Dunn, famous sporting man of New York, the R. H. he, mated into O'Brien post G. the white Tuesday night. Dunn went to New York in company A, twenty-fourth Newark volunteers.

READING, Miss killed by a cave-in quarry at Pa., Aug. 30.—A slate northern Bank Steinaville, beyond the Tuesday night, a county stone, caved in Williams, aged 22, killing two men, David and Edward Dunn, 22 years, of this city, aged 30.

THE DEFEAT OF THE DUTCH.

Further Particulars of the Late Battle With the Troops of the Rajah of Lombok.

THE HAGUE, Aug. 30.—The Official Journal publishes a dispatch giving an account of the disaster to the Dutch forces on the island of Lombok at the hands of the troops of the Rajah of Lombok, which shows that the Dutch losses aggregate over 500 men killed, wounded and missing. The dispatch says that Gen. Vetter, the commander of the expedition, was surprised at 11 o'clock at night by a large force of natives, who kept up a continuous firing throughout the night. The result was that the Dutch had fourteen killed and eighty-five wounded.

The water supply failing the Dutch retreated toward the capital of the island. The natives harassed them en route and further on they raised barricades which were so strongly defended that Vetter lost a score or more men.

On August 27 the Dutch column reached Ampanen, where it was found that their total loss was twenty-two officers and 364 men killed, wounded or missing, besides losing four field guns.

Five steamers with troops and field guns will leave Batavia, Java, for Lombok to-day.

The people here are greatly excited over the disaster to the Dutch army, and believe that the whole truth has not yet been told. They are clamoring for prompt measures to wipe out the Dutch defeat, and Gen. Van Der Wijck, general of the Dutch forces, has summoned a council of naval and military commanders to determine upon decisive measures against the Lombok natives.

WILL PUT THEM ON THE LIST

And Let Them Take Their Chances of Securing Work.

SAN FRANCISCO, Aug. 30.—Just after the recent strike, Supt. Fillmore of the Southern Pacific company was quoted as saying that the leading strikers should never obtain employment in this state if he could help it, and if any had succeeded in securing places he would endeavor to have them discharged. These threats caused much indignation, and President Huntingdon, it is said, wrote a sharp reprimand from New York.

This letter has caused Mr. Fillmore to make a supplementary statement, in which he denies that he said he would hunt down the ex-strikers and deprive them of their positions. Strikers who are charged with violence during the strike have been placed on the black-list of the company, and this list goes to other roads. If an ex-striker can secure work Mr. Fillmore will not interfere with him except so far as the blacklist may go against him.

Suspected His Wife of Infidelity and Killed Her.

GLOUCESTER, O., Aug. 30.—George Kobl, a drummer living at 120 East Spring street, shot and instantly killed his wife last evening. He was jealous of her, and finding her away from home when he returned, seemed to suspect that she had gone to an improper place, and to a number of persons stated that he would kill her as soon as she came home. She arrived about 7 o'clock and as she stepped from the carriage, he rushed out and shot her through the head. She was 34 years old. He did not attempt to escape. At the city prison he blamed her for it.

An Uneasy Feeling in Tien-Tsin.

LONDON, Aug. 30.—The Shanghai correspondent of the Central News says:

"There is an uneasy feeling in Tien-Tsin owing to the attitude of the native troops. Foreigners are arming themselves, as they fear an attack. The French war ship Lion, the German Wolf, the British Linnet, the American Monarchy and the Russian Sivooth have been sent by their governments to Tien-Tsin to protect the foreign residents in case of need."

There was a nearly constant going and coming during the day, though there were not so many callers as last year, probably owing to the fact that Dr. Holmes had been ill and was not supposed to be as strong as usual; but to all appearances he was as young as last year.

SOME PLAIN TALK

By Civil Service Commissioner Roosevelt

DENOUNCES AS THOROUGHLY VICTIOUS

The Bynum Bill to Reinstate Railway Mail Clerks and Other Partisan Measures—Wants Greater Scope for the Commission.

WASHINGTON, Aug. 30.—Before leaving Washington yesterday to investigate the charges against the postmaster at Lancaster, Pa., Civil Service Commissioner Roosevelt expressed some characteristically vigorous views respecting the work of the commission, the practices in the departments and the construction of the laws relating to the commission. After giving credit to Senators Cockrell and Lodge for securing the provision in the appropriation bill which gives the commission the right to select its own clerks, which the house struck out of the bill, Mr. Roosevelt said:

"I want to call attention to the passage of the Bynum bill in the house, to reinstate the democratic railway mail clerks, who were turned out prior to the classification of the railway mail service in 1889. It is a thoroughly vicious party measure, and I cannot but express my astonishment and regret that not one single democrat in the house voted against it. If it should become a law it would be a precedent for the enactment of similar measures whenever a change of administration took place. It is introduced purely in the interest of the speculators and is a thoroughly vicious bill in every way."

"Then there is something else," he went on, "the recent decision of the attorney-general, which permits solicitation for political purposes by letter in government buildings. If this opinion holds the commission must immediately request the passage of a law to prohibit such solicitation. The commission has always insisted that solicitation for political purposes was illegal, whether done in person or by letter in a government building. It was owing to this interpretation that we were able to very nearly break up the practice during the last presidential campaign, and as the aftermath of that campaign we have procured the conviction of two government officials, one a postmaster in Ohio and the other a deputy internal revenue officer of Kentucky, but we have never had a case tried in the courts where the accusation was that the solicitation was by letter.

"Nine-tenths of the good done by the law will be vain if solicitation by letter is allowed, and although the commission will, of course, do all it can to protect employees if they are molested in any way for refusing to contribute, it is important that we should be given power to prosecute any attempt at political assessment in a government building, either by letter or otherwise."

"The intense heat which prevailed

during the last few days has been especially severe on the soldiers engaged in the military maneuvers at Budweis, Bohemia, 168 of them having been prostrated, four of whom died.

"Agnes Wabnitz, formerly a waitress, but latterly a prominent socialist leader and the organizer of the Berlin Waitresses' union, committed suicide Tuesday evening in the Friederichshain cemetery by taking prussic acid.

"Ex-Councilman Phil. Rohan, of St. Louis, was held in \$1,000 bond by Judge Calbourne in the court of criminal correction, yesterday, for the grand jury, in the case of his assault upon and alleged attempted robbery of Broker Campbells.

"Ex-Vice-President Levi P. Morton, republican candidate for the gubernatorial nomination for New York spent Tuesday night in New York city. It is generally understood in political circles that Mr. Morton will accept the nomination.

"The government of Nicaragua has decided to banish British Vice-Consul Hatch and nine others of the Bluefields prisoners. Messrs. Lampton and Wilton, American citizens, will also be banished. Patterson, Ingram, Taylor and Brownrigg will be kept as state prisoners.

"It is proposed to declare a quarantine on the South Side Polish and Low German districts of Milwaukee, where smallpox prevails, and the functions of the board of health are interfered with by howling mobs. The plan is to stretch a cordon of state troops around the infected district.

"Secretary Herbert and Miss Herbert, Vice-President and Mrs. Stevenson, Chief-Justice and Mrs. Fuller, Senator and Mrs. Hale, Col. and Mrs. Fred Grant and Mr. and Mrs. Potter Palmer, will go to Bangor to attend the Maine state fair. They will be the guests of Hon. J. P. Bass, president of the fair.

The Late C. B. Hutchinson.

Wednesday at 3:30 p. m. the funeral of C. B. Hutchinson who was killed Sunday, Aug. 26, at his home near Fairview, Kan., by an enraged bull calf, was held at the C. P. church at Mt. Zion. Rev. W. L. Bankson of Blue Mound officiating.

The deceased was an old man of near 74 years of age, and was living with his daughter Mrs. John Davidson, and had been warned of the danger of going into the lot where the calf was, but during the temporary absence of the family Sunday afternoon he went into the lot and was attacked and killed by the calf and his mangled body found by the family on their return. Mr. Hutchinson was born in Pennsylvania in 1821 and moved to Mt. Zion, Ill., in 1868. Here he resided until the death of his wife a few years ago, when he went to reside with his daughter in Kansas.

During his residence in Mt. Zion he was an elder in the C. P. church. Three children survive him. Mrs. Amanda Davidson, of Fairview, Kan., Cam Hutchinson, of Jerseyville, Ill., and Murphy Hutchinson, of Decatur. The corpse was delayed 24 hours by missing connection at St. Joseph, Mo., which caused considerable inconvenience in the arrangement for the funeral.

At the Grand.

The theatrical season in Decatur was formally opened last night when the Conroy & Fox "Hot Tamales" musical comedy company appeared before an audience of fair size and gave an entertainment which was liberally applauded. Conroy and Fox are impersonators of Irishmen and they do their work well. The bullet proof shield was exhibited by the inventor, Mr. Lennard, preceded by some fancy shooting by an expert. Lennard wore the shield and permitted a man at 40 feet to shoot a 45-calibre ball into it. The ball went in, only half an inch, the pad being 1 1/4 inches thick.

Passed Away.

Mrs. Alex Bachman died of stomach trouble at her home on West Decatur street, Wednesday, Aug. 28. She was the eldest daughter of Mr. and Mrs. Alfred S. Bailey, and has been ill for a year past, but it was only during the past few weeks that she became bedfast. Her husband and one daughter, two brothers and five sisters survive her. They are James and Will Bailey, Mrs. Dell Dabisch, Mrs. U. S. Friend and Annie Jessie and Neilia Bailey.
